

Have Your Say

Contributed by Administrator
Last Updated Wednesday, 16 March 2016

Dear Parents,

A critical part of the educational triangle (parent, child, school) we really value your opinions and input. While you are always welcome to contact us with suggestions (and hopefully, solutions) from time to time we will have specific matters in which we require specific feedback and input.

Our present topic is The Draft Curriculum - What is your vision for your child's learning at Cockle Bay School

If you wish to contribute, please email your contributions to Graeme Lomas
