

# Enviro Team

Contributed by Merle Campbell

On Monday 7 November 10 children from the CBS Enviro Team went to Wakaaranga School. When we got there we made leaf name badges and buddied up with their Eco Warriors who took us on a tour of their school grounds. Our Enviro team got to learn about their environment like the chicken coop, native tree walk, beehives and lots more. We talked about what we want to start, keep and stop at CBS. When we left they gave us a pot of coriander each. It was a great experience. When we all came back to school we went to tell Mrs Bigwood. We hope Wakaaranga School Eco Warriors will visit us one day.
