

School Donations

Contributed by Administrator
Last Updated Monday, 07 March 2016

A donation per child per year is requested by the Board of Trustees. This is a voluntary donation pro rata depending on when your child starts the school Term. For more details on donations and expenses relating to your child please email the office

Cockle Bay School is ranked decile 10. As a result of being classified in the highest socio-economic community, we receive the lowest possible level of government funding. The Board of Trustees therefore relies on the receipt of these donations from parents. These donations are used to provide additional resources, staffing and support systems for the classrooms as well as helping to continually improve the school environment.

You will be asked to pay for any stationery that is required and a contribution towards your child's activities (trips, visiting speakers etc).
